SOURCE Magyar Nemzet.PLANS FOR FOUR-TRACK RAILROAD LINE NEAR BUDAPEST

The industrial development of territory west of the Danube has necessitated the enlargement of the Szekesfehervar railroad station and the building of a second railroad track on the Szekesfehervar-Budafok-Haros line. This line is now completed as far as Martonvasar.

A four-track line is to be laid between Erd-Also and Budafok-Haros. It will serve traffic to and from Pusztaszabolcs also. As a result, the section of the Pusztaszabolcs line extending between Erd-Felső and Budafok-Haros will become available for local express traffic. It will serve the workers who commute to Budapest from Erd and the vicinity.
